

**PRESIDENTIAL ACHIEVEMENT** award is presented by Devro President Fred R. Collier (left) to Delaware Township Mayor Andrew Leon.

## Devro Honor To Leon

Mayor Andrew Leon of Delaware Township received a presidential achievement award from his employer, Devro Inc. of Somerville, at Pfenninger's Hill Top Inn last week.

The award was originally to have been presented in January, but Leon was hospitalized with a heart attack.

Last week's presentation came as a surprise to Leon. Fred R. Collier, Devro president, attended a dinner to present a plaque citing Leon's "outstanding performance and major contributions" to the company.

Also in attendance were Stanley L. Robinson, vice-president, and Don J. Deraska,

production superintendent.

Leon, who is a production coordinator and technical consultant in the manufacture of edible meat casings at Devro, will have been with the company ten years this June.

In addition to the plaque, Leon received a blazer and two shares of Johnson and Johnson stock.

## Change Wires On Spark Plugs

FINDLAY, Ohio — Car engine misfiring may be caused by faulty spark plug wires rather than the spark plugs themselves. According to an oil company official, spark plug wires should be replaced
