

# **MARXISM COMES TO AMERICA**

By Paul Walter

March 11, 2009

[www.NewsWithViews.com](http://www.NewsWithViews.com)

A dire warning from a man born and raised under communism.

Something is very, very wrong. This article is meant to get your attention. It is meant to scare you into finally seeing what is happening all around you. What you are trying so very hard to ignore. The things discussed here are real. They are documented fact. For the sake of everything you hold dear, your children and your grandchildren, please read this article with an open mind, then check the facts for yourself. What you do after that is between you and God.

## **PUBLIC PRIVATE PARTNERSIPS**

In a communist/socialist country there is no such thing as private enterprise. Everything is either owned or controlled by the government. The socialists are taking over America through the bailouts. The bailout money comes with strings. Through the strings and mandates that come with the money the government becomes your partner. It's called "Public Private Partnership." Create the financial crises, offer the solution (bailout money) and you have a complete totalitarian state.

These huge bailout/stimulus packages will create hyperinflation and result in a worldwide economic disaster dwarfing the Great Depression. It will indenture you, your children, and your children's children under Socialist tyranny.

Public Private Partnership is the marriage between Fascism and Communism. Under this diabolical partnership the business owner will have an illusion of owning his or her business, same as the property owner has when it comes to owning your own home after it's paid off. Silly? Stop paying your property taxes and you'll see what I mean. When this economy collapses, and you'll find yourself without a job and can't pay your property tax for what ever the reason, the vary same government officials that are constantly begging for more and more money for raises and lavish benefits, living off your taxes, will evict you from your own home. Count on it!

## **DESTRUCTION OF TRADITIONAL VALUES**

Socialism is the core, guiding philosophy behind Marxism/Communism and Fascism, which are two flavors of the same tyrannical system of government. Since there is not a dimes worth of difference between them, I use the term

Socialism interchangeably. Adherents of this political philosophy in America called themselves “Progressives.” These same self-proclaimed secular humanists continue to attack traditional marriage, between one man and one woman. They attack traditional churches, especially those that take a stand against same sex marriage. In our public schools, they promote sexual perversion, and pornography to our children, warping their impressionable minds. All under the guise of “education,” is nothing less than taxpayer financed brainwashing.

## **BREAKING THE PUBLIC’S TRUST**

Government officials across the country are considering charging us a new tax for every mile we drive. How many more taxes do we have to pay before we end up wearing rags and living in hovels? Government officials don’t care about you. They only care about themselves. They will tax and tax you until you stand up and say enough.

Trial by jury is slowly being eliminated. What’s taking its place is trial by judge, via a closed circuit TV. Why? Because judges, like other government officials, are becoming afraid of the people.

## **HEALTH**

Have you noticed that two out of three TV commercials push pills? America has become a nation of drug addicts, legal and illegal.

Genetically modified foods (GMOs) are being pushed on everyone, but they have unknown health risks and offer government the ability to control food supplies.

Advertisement

Farmers are being denied water for food production, all in the name of saving endangered fish. This is already leading to food shortages and skyrocketing prices. Starvation of biblical proportions is on the horizon. All created by radical environmentalists.

Untested vaccines, containing deadly ingredients like mercury, are one epidemic “scare” away from being forced on the population by the cops, all in the name of public health.

## **MENTAL HEALTH**

Under Stalin and Hitler, all citizens were mentally evaluated. Plans are already underway to require every American be mentally evaluated. Of course, mental health evaluators and other government officials are exempt. You don’t expect

them to evaluate themselves, do you? Government officials and mental health experts will decide who's mentally stable and who isn't. To understand more what the social planners have in store for you and me read Beverly Eakman's latest article "[High-Tech Marxism Comes to America.](#)"

## **NATIONALIZED HEALTH CARE**

The president is already calling for every citizen to have free national (Socialized) health care. This won't be free. It will cost this country trillions of dollars! Even worse is the government control that comes with it. People will be told what they must weigh, the kinds of food they can (or cannot eat). Smoking will be outlawed, even in one's own home. Anyone caught with an alcoholic beverage, smoking, or eating what the government has forbidden, will be denied health care. Government control of health care will result in the most deadly tyranny imaginable. Of course, they are counting on the loyalty of the police to enforce it.

## **BLIND OBEDIANCE and COMMUNITY POLICING**

Following Orders

Marxism, Socialism and Fascism are not natural forms of governing. They can only exist by force. Both political philosophies require a Police State to survive. Police are used to oppress their own people who resist. Brainwashed enforcers have been selling their souls, for a paycheck, for centuries. Two thousand years ago Roman Centurions (cops), "following orders," nailed Jesus to a cross. Dictators don't do their own dirty work. They use ignorant fools who blindly follow their orders.

Today, honest and decent cops with a conscience are either fired or leave law enforcement because they cannot carry out the orders to abuse their fellow citizens. Have you noticed that majority of cops today have an elitist attitude and are becoming meaner and cold hearted? They look down on people, everyone is a potential criminal, considered guilty of something. They are serving and protecting an increasingly corrupt system.

Community Oriented Policing is a communist inspired system. It is designed for the police to know everything about you. Your business is "their business," all in the name of stopping crime. The core effort of this program requires that neighbor's spy on each other, reporting unusual behavior to their "neighborhood policeman." All that information is entered into a national database, so Big Brother knows all and sees all. Grants Pass Police already have Community Policing program in place.

## **A TOTAL SURVEILLANCE SOCIETY**

The Real I.D. Act is now federal law. It requires every state issue new, driver's license's that meet federal rules. Oregon has already agreed to cooperate, but

does not have the money to begin the changeover. These new “Federalized” driver’s license’s will have micro-chips that will contain all of your personal information, from your address, Social Security Number, medical records, etc. They are National I.D.’s, providing a centralized mechanism for State control of your life.

Since the National I.D./drivers licenses can be lost, forged or stolen, their next step will be to microchip people. The FDA is implementing a new law, requiring every domestic animal in the country to be micro-chipped. In Japan, parents are told to microchip their children, to prevent kidnapping. People today are considered a ‘human resource’ by government. The next step is to microchip every human being.

A recent article in the Chicago Tribune reported that the Mayor of Chicago vowed to have cameras on every street corner. Why do politicians want you under constant surveillance? Because they are afraid of you, the People. Wouldn’t you be afraid in their place, once the People started to catch on to how they have been betrayed, lied to and taken advantage of?

## **BRAINWASHING**

### **MARTIAL LAW**

Every thing is already in place for martial law here in the United States. All we need is the right contrived crisis, whether it’s another “attack” on our soil, a health “crisis,” or a “managed” monetary collapse, martial law will be imposed. Will you submit, go along with this farce? If not, be advised that retired police officers around the country are telling NewsWithViews that they have been notified that civil unrest is on the horizon and that they may be called back to duty.

### **IN CONCLUSION**

Hundreds of thousands of Americans died fighting Communism and Fascism, to stop these tyrannies from coming to our shores. Now you are silent in America’s hour of need. Worse yet, some of your children (brainwashed in public schools) are actual domestic enemies, paving the way for the destruction of America.

*"A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and carries his banner openly. But the traitor moves amongst those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself.*

*For the traitor appears not a traitor; he speaks in accents familiar to his victims, and he wears their face and their arguments, he appeals to the baseness*

*that lies deep in the hearts of all men. He rots the soul of a nation, he works secretly and unknown in the night to undermine the pillars of the city, he infects the body politic so that it can no longer resist. A murderer is less to fear." -- Cicero (106-43 BC)*

Hasn't history taught you people anything? Where is your love for American?

Will our police officers and soldiers prove to be liberty loving Americans or servants of tyranny? When their time of decision comes, I pray they realize their children will lose their freedoms as well.

If you are a soldier or policeman who denies freedom to others, what will you do when someone just like you comes for your kids? And they will. By serving these new American Communists, you have already proven to them you cannot be trusted to keep an oath.

***Never Miss  
Another BIG  
Story***

Tyranny can only exist under a police state. Wake-up! Stop it now, while you still can, by standing up to your pastor and local government corruption. You are being set up and sold out by the very people you elected to protect your freedoms.

The destruction of America is coming through the "Unholy Trinity," (Modern day Scribes and Pharisees); the compromised political leaders, their obedient police force, and above all, your SILENT LUKEWARM CHURCH LEADERSHIP.
