### Donald J. Trump

### Joseph R. Biden, Jr.

#### Trade

Donald Trump opposes the so-called "Free Trade" agreements such as "NAFTA" that was passed in 1994 by Bill Clinton. Trump opposed and withdrew the U.S. from the "TPP" to protect American jobs from going overseas. And Trump put tariffs on steel (25%) & aluminum & washing machines & solar cells, etc. to protect workers & protect our national security. The manufacturing industry created nearly half a million new jobs and 625,000 new construction jobs have been created since President Trump took office. Hispanic, Asian and African American unemployment rates have all reached record lows under President Trump.<sup>1</sup> (Bernie Sanders agrees with Trump on this issue.)

Joe Biden voted "yes" for "NAFTA" (5 million manufacturing jobs lost), during the 103rd Congress in 1993 as U.S. Senator. Also, Biden supported the "TPP."<sup>2</sup> Biden has the support of the Chinese government, the globalists, bankers, Wall Street and many billionaires (44) – see the Federal Election Commission filings as of Sept. 30, 2019. Many corporations (83) such as Apple and Nike have active ties to factories where evidence suggests that the Chinese Communist Party has shipped Uyghur Muslims to engage in forced labor according to a study by the Australian Strategic Policy Institute (ASPI), a non-partisan think tank. Joe Biden and Kamala Harris are both "Globalists" and have the support of the "Deep State" and the Chinese government.

#### Mandatory Vaccinations

Donald Trump opposes forced vaccinations and supports the Raw Milk industry and is not a fan of GMOs, but he did not do anything to stop GMOs. Trump supports medicine that works against Covid-19 such as hydroxychloroquine with zinc (see Covid-19 Information at <https://www.njiat.com/x-Covid-19.html>).<sup>3</sup>

Joe Biden is a big supporter of the Pharmaceutical industry and did not do anything to stop GMOs.<sup>4</sup> Biden wants the continued lockdown (a hoax) and supports only big pharma approved dangerous drugs & mandatory vaccinations that are harmful & masks that will not work (see FEC filings showing big pharma donations to Biden's campaign).

#### Foreign Policy/Iraq

Donald Trump was against the Iraq War, which many thousands of American lives were lost and the United States spent trillions of dollars of taxpayers' money to turn Iraq into a militant "Radical Islamic State." Trump also opposes funding al-Qaeda and ISIS for foreign policy objectives such as overthrowing Syria. Trump opposes the endless wars and rejects what Obama/Biden administration did in Libya – the slaughter 100,000 Libyans. Trump opposes the U.S. paying 75% of NATO spending.<sup>5</sup> (Bernie Sanders agrees with Trump on this issue.)

Joe Biden as senator voted for the Iraq War in 2002. Biden also supported as VP the destruction Libya and the slaughter of 100,000 Libyans. Biden also supported the overthrow of Ukraine by our government (Soros, a CFR member, helped with this coup with the State Dept. & supports Biden). He also supports undermining Russia. The Obama/Biden administration also supported the arming of al-Qaeda and ISIS. Hillary Clinton has admitted that the U.S. created al-Qaeda, the precursor to ISIS.<sup>6</sup>

#### Open Borders/Immigration

Donald Trump will enforce the borders and enforce our immigration laws. Trump has secured funding for 445 miles of border "wall."<sup>7</sup> In 2017, the total cost of illegal immigration for the United States – at the federal, state, and local levels – was approximately \$116 billion according to Fair located at <https://www.fairus.org/>

Joe Biden national immigration plan includes amnesty to all 11 to 22 million illegal aliens living in the United States, freeing border crossers into the country and restarting the welfare-dependent legal immigration that will cost billions for American taxpayers. Biden also wants free community college to DACA illegal aliens and wants to stop ICE agents from doing their job, etc.<sup>8</sup> (Note: Illegal immigration hurts all Americans, especially African-Americans, such as our social security & jobs, etc.)

## Non-Globalist Presidential Voter Guide (2020)

NJIAT ([www.njiat.com](http://www.njiat.com))

**gab** Follow @GAB.COM/NJIAT

**Donald J. Trump**

**Joseph R. Biden, Jr.**

### Second Amendment

Donald Trump believes in the right of the individual to own firearms & the original intent of the Second Amendment (militia/citizens) as stated by our founding fathers that includes semi-automatic rifles. Trump has been endorsed by the NRA.<sup>9</sup>

Joe Biden is a strong advocate for gun control and the eventual confiscation of firearms from law-abiding citizens. Biden also wants to outlaw semi-automatic rifles; Clinton passed the so-called "Assault Weapons" ban in 1994 with Biden voting yes in the senate.<sup>10</sup>

### Common Core/Education

Donald Trump is against "Common Core" because it gives the government & Corporate America control of the curriculum that is dumbing down our students - the schools should be under local control.<sup>11</sup>

Note: Common Core is also part of Agenda 21 that includes its "social justice agenda" with its deadly LGBTQ lifestyle. See [www.educationviews.org](http://www.educationviews.org)

Under former President Barack Obama and Biden, the Common Core State Standards originated in the 2009 stimulus package. Common Core required teacher evaluations be based on student performance. Biden promised to give teachers more input, that is, a voice in education policy and wants to raise Title I funding from 15 billion to 45 billion.<sup>12</sup>

### Pro-Life/Supreme Court

Donald Trump is "pro-life" and defends the sanctity of life. "President Trump and Vice President Pence have repeatedly shown that his Administration is about protecting innocent human lives," said Carol Tobias, president of the National Right to Life Committee.<sup>13</sup> Trump also will appoint Supreme Court nominees who are pro-life & Constitutionalists & not activist judges.

Joe Biden and Kamala Harris have both been endorsed by extreme pro-abortion groups including NARAL Pro-Choice America, Planned Parenthood Action Fund, and the National Organization for Women PAC.<sup>14</sup> 862,000 babies were killed by abortion in 2017 & 327,560 are black babies.<sup>15</sup> Biden will also appoint radical left-wing judges who do not believe in the original intent of the Constitution such as "freedom of the press" or "religion."

### Energy/Economy

Trump wants to save the coal industry and other industries threatened by Joe Biden's energy policy - Trump is for clean burning fossil fuels such as natural gas and is for nuclear and renewables such as solar. Trump rescinded Obama's executive actions (costly Clean Power Plan) & replaced it with Affordable Clean Energy Rule that saved Americans up to \$79 billion in electricity and pulled us out of the "Paris Climate Agreement/Treaty" based on false science and approved the Keystone XL and Dakota Access pipelines, supporting an estimated total of 42,000 jobs and \$2 billion in wages.<sup>16</sup>

Joe Biden wants to stop any new coal plants (thousands of coal-mining jobs are at stake).<sup>17</sup> Biden stated that he would preserve oil & gas jobs but wants to move away from domestic fossil fuel production. How does he protect fossil fuel jobs? Biden promotes solar power (Trump approved one of the largest solar projects in U.S. history in Nevada).<sup>18</sup> Biden promotes "global warming" that is also promoted by the "UN" & "Corporate America" to control people & shut down industries & power plants in the U.S.—global warming is based on false science (carbon dioxide is not a pollutant).<sup>19</sup>

### Police and the Drug Laws

Trump will treat every American equally under the law regardless of race and is against the law passed under Bill Clinton in 1994 & supported by Biden that put many African-Americans & other minorities in jail for non-violent drug offenses.<sup>20</sup> Trump signed a criminal justice reform bill to change this in 2018.<sup>21</sup>

Joe Biden supported some of the most draconian drug laws that Bill Clinton signed into law in 1994 as President that resulted in massive incarceration of African-Americans & other minorities for non-violent drug offenses.<sup>22</sup> Biden supports ANTIFA & BLM that are funded & supported by Soros & the Deep State—many black leaders such as Larry Pinkney (member of the original Black Panthers) has condemned ANTIFA & BLM.<sup>23</sup>
